## INFORMATION

The current emphases under RI President Carl-Wilhelm Stenhammar are literacy, water, health and hunger concerns, and public image.

Stenhammar said during the International Assembly in San Diego, California, USA, on 17 February that 20 percent of the world's population does not have access to safe drinking water, and he encouraged Rotarians to look at water pollution's causes. "It's often the industries that are changing what Mother Nature has given us, thus creating polluted water. But also at home we can all think of this ..." he said.

## THE WORLD OF ROTARY

Bill Huntley, Past RI President 1994-95, from England, died on 21 February. During his presidential year, Huntley encouraged Rotarians to *Be a Friend* (the 1994-95 RI theme) and emphasized community service at the local and international levels. Answering the question "Why I am a Rotarian" he said: "That is why I am a Rotarian; that is what keeps me a Rotarian. To associate with a group of men and women who are instantly ready to help is a blessing and a privilege. As a Rotarian I am part of a movement which still has to realize its true potential. Our strength is in our desire to serve. Who knows what we can achieve? We don't know what we can do!!!"

## CLUB INFO

Total membership at the end of February /except honorary/: **42**
